

Red Rock Resorts Announces Third Quarter 2017 Results

LAS VEGAS, Nov. 07, 2017 (GLOBE NEWSWIRE) -- Red Rock Resorts, Inc. ("Red Rock Resorts," "we" or the "Company") (NASDAQ:RRR) today reported financial results for the third quarter ended September 30, 2017.

Net revenues were \$400.4 million for the third quarter of 2017, an increase of 15.3%, or \$53.2 million, from \$347.1 million for the same period of 2016. The increase was primarily the result of the addition of \$37.9 million of net revenue from the Palms, a \$13.3 million increase from same-store Las Vegas operations and a \$1.9 million increase from Native American operations.

Net income was \$22.3 million for the third quarter of 2017, a decrease of \$11.1 million from net income of \$33.4 million for the same period in 2016. The decrease in net income was primarily attributable to an increase in write-downs and other charges.

Adjusted EBITDA(1) was \$118.3 million for the third quarter of 2017, an increase of 8.5% from \$109.0 million in the same period of 2016. The increase was primarily due to solid results from same-store Las Vegas operations, continued strength in Native American operations and the addition of the Palms.

The Company also announced on November 3, 2017 that it had approved a cash dividend of \$0.10 per share, payable on November 30, 2017 to shareholders of record as of November 15, 2017.

Las Vegas Operations

Net revenues from Las Vegas operations were \$369.5 million for the third quarter of 2017, a 16.1% increase from \$318.3 million in the same period of 2016, which was primarily driven by the addition of the Palms and an increase in same-store gaming revenue. Adjusted EBITDA(1) from Las Vegas operations was \$101.8 million for the third quarter of 2017, a 7.9% increase from \$94.3 million in the same period of 2016. That EBITDA increase was primarily driven by growth in same-store operations, which was partially offset by ongoing construction disruption at Palace Station and \$3.5 million of costs relating to the enhancement of our food and beverage offerings and investments made in our team members.

Native American Management

Adjusted EBITDA(1) from Native American operations was \$25.3 million for the third quarter of 2017, a 17.2% increase from \$21.6 million in the same period of 2016 due to strong operating results at both Graton and Gun Lake.

Palms Redevelopment

The Company is excited to announce today the second phase of its redevelopment plan for the Palms Casino Resort (the "Palms"). This renovation of the Palms will touch virtually every aspect of the property and is expected to transform the Palms into a "must see" gaming and entertainment destination by creating a mix of classic Vegas hospitality and extraordinary new experiences delivered through world-class partnerships, which will include industry-leading nightlife and entertainment companies such as TAO Group, Clique Hospitality and Live Nation, as well as James Beard award-winning celebrity chefs Bobby Flay, Michael Symon and Marc Vetri. As previously announced, phase one of the redevelopment plan is expected to be completed in the second quarter of 2018. Phase two of the redevelopment plan is expected to be completed in late fourth quarter of 2018 or early first quarter of 2019. The total budget for both phases of the project, including construction costs, capitalized interest and pre-opening expenses, is expected to be approximately \$485 million.

Balance Sheet Highlights

The Company's cash and cash equivalents at September 30, 2017 were \$222.4 million and total principal amount of debt outstanding at the end of the third quarter was \$2.69 billion, excluding \$250.0 million in aggregate principal amount of 7.50% Senior Notes that were redeemed in October 2017 with restricted cash constituting a portion of the proceeds from the issuance of \$550.0 million in principal amount of 5.00% Senior Notes in September 2017. At September 30, 2017, debt to EBITDA and interest coverage ratios, net of excess cash and \$250.0 million in principal amount of 7.50% Senior Notes, were 5.0x and 4.6x, respectively.

Presentation of Financial Information

(1) Adjusted EBITDA is not a generally accepted accounting principle ("GAAP") measurement and is presented solely as a supplemental disclosure because the Company believes that it is a widely used measure of operating performance in the gaming industry and is a principal basis for valuation of gaming companies. We believe that in addition to net income, Adjusted EBITDA is a useful financial performance measurement for assessing our operating performance because it provides information about the performance of our ongoing core operations excluding non-cash expenses, financing costs, and other non-operational items. Adjusted EBITDA includes net income plus preopening, depreciation and amortization, share-based compensation, write-downs and other charges, net, related party lease termination, asset impairment, interest expense, net, loss on extinguishment/modification of debt, net, change in fair value of derivative instruments and income taxes, and excludes Adjusted EBITDA attributable to the noncontrolling interests of MPM.
