Presentation of Financial Information

(1) Adjusted EBITDA is a non-GAAP measure that is presented solely as a supplemental disclosure. We believe that Adjusted EBITDA is a widely used measure of operating performance in our industry and is a principal basis for valuation of gaming companies. We believe that in addition to net income, Adjusted EBITDA is a useful financial performance measurement for assessing our operating performance because it provides information about the performance of our ongoing core operations. Adjusted EBITDA includes net income (loss) plus depreciation and amortization, share-based compensation, write-downs and other charges, net, asset impairment, losses from assets held for sale, interest expense, net, (gain) loss on extinguishment/modification of debt, net, change in fair value of derivative instruments, provision for income tax and other.
