### Presentation of Financial Information

(1) Adjusted EBITDA is a non-GAAP measure that is presented solely as a supplemental disclosure. We believe that Adjusted EBITDA is a widely used measure of operating performance in our industry and is a principal basis for valuation of gaming companies. We believe that in addition to net income, Adjusted EBITDA is a useful financial performance measurement for assessing our operating performance because it provides information about the performance of our ongoing core operations. Adjusted EBITDA for the three months ended March 31, 2024 and 2023 includes net income plus depreciation and amortization, share-based compensation, write-downs and other, net (including gains and losses on asset disposals, preopening and development, business innovation and technology enhancements, demolition costs and non-routine items), interest expense, net, loss on extinguishment/modification of debt and provision for income tax.
